

FITBENCH®

— S T U D I O —

At FITBENCH® we believe in superior quality fitness tools re-invented to make training more efficient. It's where function meets fitness. Leading the industry with its neatly designed structure, the FITBENCH STUDIO is a smaller version of the FITBENCH ONE offering a lower step height, narrower benchtop, and even more storage capabilities. The FITBENCH STUDIO allows for safe and efficient transitions, and it includes all of the fitness tools to crush any high intensity workout.
